GALLERY GROUP OF COMPANIES ANNOUNCEMENT - March 20, 2020

DEDICATED TO CLIENT SERVICE – WE ARE HERE TO HELP

As we continue to monitor and adjust to a rapidly changing COVID-19 situation, we are adapting to allow Gallery Group of Companies to continue to provide excellent service, while safeguarding our people, clients, colleagues and communities.

Your projects and operations are extremely important to us. Our teams will continue to support our clients and their projects throughout this difficult time.

BUSINESS CONTINUITY – WE REMAIN OPERATIONAL

Work Flexibility

We recognize the importance of working together to “plank the curve” and reduce the spread of COVID-19. We need to help keep our people, industry partners and communities healthy while maintaining our businesses. To do so, we will continue to take direction on all precautions from Canadian and WHO and government authorities.

To ensure we continue to support you, while working safely, we have implemented remote working capabilities to encourage social distancing.

Office, Meetings and Site Requirements

We understand some elements of work can't be done remotely. We remain open to allow that work to continue. All face-to-face meetings at our offices will be re-scheduled to phone or video conferencing. Visits to operational sites if required, will be respected as per policies and guidelines shared relating to attendance at your premises.

Ongoing Support

We anticipate further announcements and guidance from government authorities on their response to COVID-19. This situation remains fluid, and we will continue to be responsive in adapting business to follow recommendations.

If you have questions or concerns related to the steps we are taking or continued provisions of products or services, please do not hesitate to contact us. If there is anything we can do to assist you in meeting your obligations to your clients and projects, please let us know.

We hope that you, your families and colleagues remain safe and healthy.

Sincerely

David Turk, CEO
